## Clay Roofing Products

### A Roof for the Ages

A genuine clay tile roof has a story to tell, a tale of legendary craftsmanship, timeless taste, and uncompromising values.

For over 5,000 years, visionary people have crowned their homes with clay tile roofs. It continues to be a cherished tradition because of its lasting beauty and enduring strength over time.

Made from natural materials, the raw clay is literally transformed by fire. It becomes an aesthetic object shaped for time-tested style and performance, and it can remain virtually unchanged after decades of service. Clay tile roofs make a bold statement about a way of life and the art of living.

### The Best Possible Clay Tile Roof

Our passion is to create the best clay tile possible, a symbol of premium roofing. Artisan inspired, crafted with care for the earth and a sense of value, our American-made tile is produced in our cutting-edge manufacturing facility. Stringent quality control assures tiles that look consistently exquisite and install smoothly.

Supporting tradition with design innovation, our tile allows for customized installations including staggering, boosting, serpentine patterns, and more.

### The Most Environmentally Responsible Tile Available

Our clay tile is made from up to 59% recycled material and the raw materials are sourced locally reducing transportation and minimizing the environmental footprint.

Our premium manufacturing process exposes the unique, exquisite colors of clay in a pallet of rich and vibrant hues. Clay tile tends to be naturally reflective and many of our colors meet the highest cool roofing standards such as LEED, which can help improve comfort and energy efficiency.

### A Promise of Performance

We believe in our clay roof tile products, which outperform virtually any roofing product on the market today. We demonstrate our belief by offering a powerful warranty to the original purchaser, which is transferrable to a new owner for a term of 50 years.\*

Cool Roof Rating Council (CRRC) measures the “coolness” of a roof by determining a roof’s solar reflectance (SR) and thermal emittance (TE). Both properties are rated on a scale from 0 to 1, where 1 is the most reflective or emissive. The CRRC measures these two properties for roofing products, both for the product’s initial values and after three years of weather exposure. CRRC rated products help reduce the heat island effect found in urban areas and in general, increases the overall energy efficiency of the building. For more information, please visit our website Cool Roof resources page: [westlakeroyalroofing.com/cool-roof-colors/](http://westlakeroyalroofing.com/cool-roof-colors/)

For appropriate regions that experience full winter weather, some of our clay tiles meet Grade 1 standards per ASTM C1167.

Recycled Content – percentage of pre-industrial content.

\*For product warranty details, please visit [US Tile Product Warranty](#) on our website. The warranty found there is the sole warranty applicable to US Tile roofing products.

## 2-Piece Mission

True two-piece Mission barrel tiles speak of history, security and luxury. With a simple, practical design that dates back to the Bronze Age, mission tiles have adorned the roofs of palaces, temples and the early missions in California.

2-Piece Mission tile is a perfect execution of a timeless tradition. Durable, colorfast and manufactured with the most modern methods and the highest standards, 2-Piece Mission tiles distinguish your home with unmatched beauty and elegance. All 2-Piece Mission colors are Grade 1 tested and approved per ASTM C1167.

Transforming style  
and substance  
into roofing

## 2-Piece Monarch

The Old-World charm of traditional small-barrel, high-arch clay tile is captured exquisitely by our two-piece Monarch tile. For the truly inspired designer or homeowner, this authentic Mediterranean style offers a more closely refined roof that is distinctive, vibrant and universally appealing.

Monarch tiles are rich with the time-honored aura of kiln-fired clay, made with modern consistency and efficiency to the most exacting standards of quality, strength, and durability.

## 1-Piece "S" Tile

The sophisticated composition of one-piece "S" clay tile accents the curvature of the roof, creating a distinct, elegant dimensional color. The covers and pans of classic barrel tile are joined into a single, strong, efficient piece that radiates the traditional clay tile appeal.

US Tile® clay tile is crafted with meticulous care. 1-Piece "S" Tile is designed to allow custom options such as boosting for that artisan inspired installation while saving time and cost, making clay tile beauty and value available at substantial savings.

All 1-Piece "S" Tile has been Class 3 hail rated by Architectural Testing Roof Covering Impact Certification Program: [www.archtest.com](http://www.archtest.com), and Grade 1 tested and approved by ASTM C1167.

# Romano Pans

Romano Pans trace their roots to the ancient Greeks. The flat-bottomed pan is designed for use with either Mission or Monarch barrel-shaped tops and creates a look reminiscent of classical European aesthetics and style. Setting off the barrel tile, Romano Pans allow design flexibility and create a stunning appearance that signifies individuality of style in the best of taste.

Romano Pans are available in cool roof colors for a house that is as energy-efficient as it is distinctive. Romano Pans are Grade 1 tested and approved per ASTM C1167.

Sensible luxury  
meets performance

# ClayLite®

The beauty of kiln-fired clay and the efficiency-advantage of one-piece "S" tile are elegantly engineered into ClayLite, a genuine clay tile that reduces weight by as much as 40%. Made from the same natural materials as our standard-weight tile, ClayLite is designed especially for re-roofing.

With tile that weighs less than 600 pounds per square, a home can be enhanced with the traditional rich color palette and comfort performance of clay, often without the need for added structural reinforcement.

# ClayMax®

ClayMax lightweight tile offers a modern variant on the classic theme, a low-profile double-barrel tile that brings together the beauty and benefits of clay tile in a design that pairs resilience with sensibility.

ClayMax tile are ideal for re-roofing, as well as residential, commercial and homeowners association projects where weight, durability and value are important considerations, but style and performance are not to be compromised. All ClayMax colors have been Grade 1 approved by ASTM C1167.

# Faux Mission

The "Faux Mission" installation technique gives architects, builders and homeowners the superior aesthetics of a traditional two-piece clay tile roof at an affordable price.

We carefully designed our "S" Tile, ClayLite® and our traditional 2-Piece Mission tile profiles to fit together, allowing a custom installation that provides the aesthetics of a traditional two-piece tile while capturing the cost saving benefits of an "S" Tile or ClayLite. The 2-Piece Mission tile is installed at the eave where the details of the roof are most visible. The "S" Tiles or ClayLite tiles are then installed on the rest of the roof for a much quicker and easier installation than a traditional two-piece tile roof.

## Visualize

Picture your new roof with [US Tile Clay Inspiration house photo gallery](#) on our website. Design your home with your dream roof by using our [Dream Home Visualizer](#). Upload your house image or use gallery images and the tool will auto-generate a rendering which you can use to try out different products in the design phase. Order Product Samples directly through the tool.

## Explore the Infinite Color Possibilities

Design-A-Blend is your starting point to explore the infinite color possibilities with US Tile®. As you identify color combinations you are interested in, email your blends or give us a call and we will take it from there.

Visit [WestlakeRoyalRoofing.com/Clay-Blend-Designer/](http://WestlakeRoyalRoofing.com/Clay-Blend-Designer/) to try it today!

## Order A Sample

Deciding on the perfect roof can be overwhelming. So, instead of wondering what color or style will work, order a sample and take the guesswork out of your decision. It's just another way US Tile® makes it easy to buy with confidence.

## Online Ordering

Manage your orders through [myWestlakeRoyal](#), a simple online tool to track product orders in real time, all from the convenience of your computer, tablet or smartphone. Sign-up for email alerts to notify you of your order status.

## Architectural Tools

Our complete suite of architectural tools, including Arcat 3-Part Specs and CAD/BIM drawings, are available for download directly from our website.

## About Westlake Royal Building Products™

The Roofing Solutions portfolio from Westlake Royal Building Products™ is a recognized national leader in durable and sustainable clay, composite, concrete, and steel roof systems. Encompassing a suite of materials that provide strength, versatility, and refinement, our portfolio includes US Tile® Clay Roofing Products, Newpoint™ Concrete Roof Tile, Unified Steel™ Stone Coated Roofing, DaVinci® Roofscapes, and Westlake Royal™ Roofing Components, all designed to deliver a higher standard of roof installation, performance, and design.

**Code Approval:** Some approvals are regional and only apply to locally produced products; please contact US Tile® before transporting product across state lines. Specifically, products used in the Miami-Dade County region of Florida require special testing and recognition. All tiles are Class A fire rated.

**Disclaimer:** The printed colors shown in this brochure may vary from actual available tile colors. Before making a final selection, be sure to review actual tile samples and roof installations. Please contact your local sales office for further assistance. Inadvertent errors in this publication are subject to change without notice. No performance guarantee is offered or implied beyond that expressly indicated.

**Installation:** According to the Tile Roofing Institute loading guidelines, "To achieve a pleasant, random blend of color for your job, care should be taken upon loading to mix the tiles." (Source: 2015 Concrete and Clay Roof Tile Installation Manual). Please consult the Tile Roofing Institute (TRI) Installation guides for application recommendations.

**NOTE:** Please call Customer Service at 800.669.8453 or login to [myWestlakeRoyal](#) at [WestlakeRoyalRoofing.com](http://WestlakeRoyalRoofing.com) to confirm product quantities and availability before arriving at the plant for pick up. Select products are made-to-order and are available for pick up within approximately 2-3 weeks from the order date. These made-to-order products may require a minimum quantity, so please check with customer service before placing your order.

# BE BOUNDLESS™

## THE PRODUCTS TO DO EVERYTHING. THE POWER TO DO EVEN MORE.

We're answering "what ifs" on a whole new level—from the solutions we create to the dreams we build. We have the tools and technology to tell design stories on a bigger scale and on a more personal level. There are no limits to how far we innovate, how deeply we express, how strongly we commit and how boldly we go.

**Together let's Be Boundless™.**
